'The Kitchen & Party Carts are the highly professional solution brought to a domestic environment to give life to a new concept of hospitality which is informal but unmistakably unique.' – says Sergio Sambonet, the president of La Tavola.

The variety of kitchen carts spins around the intended functions to benefit from. Here are some of the most popular lines:

Cooking Carts

With the cooking cart you'll have your kitchen right where you need it to express your inner chef in your own personal style. Compact, mobile and offering all cooking conveniences, these carts come with different functional work-tops and feature high-end technological facilities, such as a dual induction cooking plate, and an integrated air suction hood. They are also equipped with a wide range of cooking kits for boiling, frying, steaming, grilling, etc. cooking techniques for preparing rich and balanced full-course meals.
