Rétro

by la tavola®

"To invite people to dine with us is to make ourselves responsible for their wellbeing for as long as they are under our roofs."

Jean Anthelme Brillat-Savarin

Rétro
by La Tavola

The newest addition to the La Tavola flatware family is Rétro, the key to designing a tabletop ambiance with a touch of retro style that is warm and inviting for guests.

In addition to *stainless steel*, Rétro is also available in our three signature *titanium finishes - Gold, Venetian Gold* and *Platinum Champagne.*

Rétro

# The atmosphere of the old-style European bistrot

Rétro is our interpretation of a return to the past, unifying an atmosphere of old-style European bistrot with the sense of a bygone era of tabletop retroism.

The recent trend towards vintage style has taken the tabletop industry by storm. Michelin-starred restaurants and five star hotels the world over are getting on board with stepping back into the past towards the rustic tablescape.

la tavola

With its *stonewashed* finish, the contrast between the texture and effect of Rétro marries perfectly with the diverse nuances of modern porcelain, allowing you to create a tablescape that combines the old with the new.

Our ability to customize Rétro with the stonewash finish achieves this particular 'distressed' look, giving a pleasingly worn feel to the flatware which will translate into your guests feeling relaxed and comfortable at the table.
